

# Company Profile.

Water, made simple.

Established in 2021, Diamond Drop is a Johannesburg-based bottled water supplier committed to providing clean, reliable hydration solutions for homes, businesses, hospitality venues, events, and organisations across Gauteng. Founded by Willie and Marius de Beer, the business began as a local purified water refill point and has grown into a trusted supplier of still and sparkling bottled water in a range of convenient sizes.

In addition to its bottled water range, Diamond Drop offers custom-branded water bottles, helping businesses, events, and promotional campaigns increase brand visibility through high-quality, personalised bottled water solutions.

Driven by a simple philosophy of making quality water accessible and convenient, Diamond Drop focuses on consistent product quality, dependable service, and straightforward ordering. Whether supplying offices, restaurants, events, or households, the company is committed to delivering water that fits seamlessly into everyday life.
